

Guidelines for Pet Dogs at the Moorish Castle

You can bring your pet dog with you to the Moorish Castle. However, you must keep these guidelines in mind when doing so:

- Make sure to collect your dog's waste and dispose of it in the garbage bins available.
- Only one dog per person is allowed at the Castle.
- The permanence limit is a total of 5 dogs at the same time. If the castle has reached this capacity, you can wait to enter with your pet.
- The use of a non-extendable leash is mandatory.
- Dogs are not allowed in certain areas due to safety reasons. Make sure to read the signage for more information.
- Dogs are only allowed on the paths.
- Make sure your dog doesn't disturb other visitors or animals.
- Only dogs with a microchip are allowed at the castle.
- Dogs belonging to a potentially dangerous breed are only allowed when accompanied by someone over the age of 16. The dog must be muzzled and have a non-extendable leash (up to 1 meter), and the owners must present the corresponding permit.
