

eSIM Compatible Devices

Check your tech

Quick check: Go to Settings and search “eSIM.” If the option appears, your device supports eSIM. (On many phones you can also dial `*#06#` and look for an **EID** number.)

Apple

- iPhone XR, XS, XS Max **or newer** (includes iPhone SE 2020, SE 2022, and the iPhone 16 / 17 lines)
- Most cellular (“Wi-Fi + Cellular”) iPads from 2018 onward

Samsung

- Galaxy S20 **or newer** (through the S25 / S26 lines)
- Galaxy Note 20 **or newer**
- All Galaxy Z Fold and Z Flip models

Google Pixel

- Pixel 3 **or newer** (Pixel 2 works only with Google Fi)

Motorola

- Razr 2019 **or newer**, Edge, and select G-series (G52J / G53J / G54 / G84 **or newer**)

Other brands (select models or newer)

- **Huawei:** P40, Mate 40 Pro
- **Oppo:** Find X3 Pro, Find X5, Reno / Find N series
- **Sony:** Xperia 10 III, Xperia 1 IV, Xperia 5 IV **or newer**
- **Xiaomi:** 12T Pro, 13 series **or newer**
- **Honor:** Magic 4 Pro, 90 **or newer**
- **Vivo:** X90 Pro, X100 Pro **or newer**
- **Nokia:** X30, XR21, G60 5G
- **Sharp:** AQUOS Sense 4 lite, AQUOS R7 **or newer**
- **Rakuten:** Mini, Hand, Big **or newer**

Note: eSIM support can vary by region and carrier version even within the same model, so confirm using the Settings check above.
